Dear colleagues,

On behalf of the NEIU Division of Student Affairs, I would like to welcome you to a new academic year!

Student Affairs staff are your partners in supporting student learning and success. We provide quality programs and services for students outside of the classroom to enrich their experience at Northeastern. We help students connect with the University through educationally-purposeful activities that enhance student engagement.

We wanted to equip our faculty colleagues with the necessary tools so that you can refer students to our programs and services. This guide is your “roadmap” to Student Affairs. It details our four areas of focus, and provides you with information on each of our offices, to help you use our resources to support your students and their success.

The Student Affairs team looks forward to working with you this year, and we THANK YOU for everything that you do for our Northeastern students.

Best wishes for a successful year!

Frank E. Ross
